### **Shared Lives Training**

Because of my experience of working as a social worker within a Shared Lives service I am able to offer a range of courses to carers and to scheme workers to meet their particular needs as well as the service meeting regulatory standards by providing such relevant training. These courses include:

- Reporting and recording
- Complaints and concerns
- Confidentiality
- Values, empowerment and advocacy
- Equalities
- Managing risk
- Medication
- Health and safety

- Safeguarding adults and abuse awareness
- Mental capacity Act 2005
- Safer caring
- Communication
- Financial management and empowering service users
- Person Centred support planning
- Carers assessments (for scheme workers)
- LTR Induction programme
- Harassment
- Working with families
- And many other shorter modular subjects as required.

I am also able to provide bespoke courses to order and would be pleased to work with your learning and development teams to develop specific courses for your staff.
